DETAILED ACTION

Allowable Subject Matter

Claims 1-33 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art of record, Cleveland et al. (6,323,483), teach the limitations of the claimed invention, but both the instant application and the 483 patent are commonly owned as stated by Applicant's arguments filed on 8/5/04. There is no other teaching of such an actuator assembly that includes a probe for interacting with a surface of a sample.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
